**GA FOODS ACHIEVES HITRUST CSF® CERTIFICATION TO FURTHER MITIGATE RISK IN  
THIRD-PARTY PRIVACY, SECURITY, AND COMPLIANCE**

***HITRUST CSF Certification validates GA Foods is committed to meeting key regulations and protecting sensitive information.***

ST. PETERSBURG, Fla., Feb. 21, 2020 – GA Foods, a leader in nutrition to older adults, today announced it has earned Certified status for information security by HITRUST. This certification is specific to GA Foods' ERP, Portal, Tablets, and Tablet API.

“With the implementation of HITRUST®, we can provide health plans and their members with the assurance of privacy and security of sensitive information,” says Glenn Davenport, President, GA Foods. “This enables us to be the trusted home-delivered meals provider for those who rely on us for nutrition.”

HITRUST CSF Certified status demonstrates that GA Foods has met key regulations and industry-defined requirements and is appropriately managing risk. This achievement places GA Foods in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks, and incorporating a risk-based approach, the HITRUST CSF helps organizations address these challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

## **GA Foods Achieves HITRUST CSF Certification - 2**

“HITRUST is helping organizations ensure that the highest standards of information protection requirements are met when sensitive data is accessed or stored,” stated Jeremy Huval, Chief Compliance Officer, HITRUST. “GA Foods can be recognized as an organization that can be counted on for keeping information safe.”
